February 22, 2018

To: All S. D. Franchise Operators and Second Home Owners

Re: S. D. Franchise and Car Rental Operators

The matter at caption refers.

This is to advise that it has come to the attention of the District Council and the Road Traffic Board that Operators of Self Drive Franchises, Second Home Owners and/or Private Citizens are engaging in the rental of vehicles without the prescribed license plate being affixed and the registration and approval for rental by the Road Traffic Authority Cat Island District.

Please be advised also that the franchise of such and the operation thereof are reserved for Bahamian citizens only. Further those individuals are also rotating and/or placing the vehicle plate on a car that it is not registered for or against. Such actions are punitive in nature and are not in keeping with best business practices in terms of damage, injury, or loss for patrons and the motoring public with pedestrians alike.

By way of this letter it acts as a warning and those offenders are urged to Cease and Desist as all relevant Government agencies are collaborating in this effort.

Regards,

.....
Mr. Neil Campbell
Island Administrator
Cat Island District
